

# Lolly Stick Egg Launcher

## Instructions

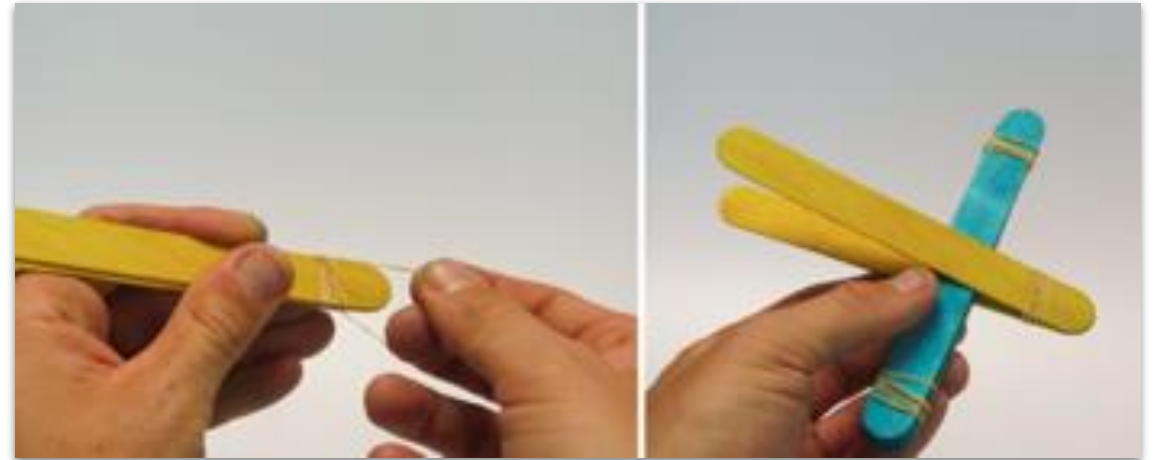

### Resource List

8 x rubber bands  
7 x popsicle sticks

### Step 1

Create a **fulcrum** by placing 5 lolly sticks together and wrapping a rubber band tightly around each end.

### Step 2

Next, create the 'flinger'. Take the 2 remaining sticks and tie a rubber band around one end. Wedge this in the middle of your **fulcrum**.

# Lolly Stick Egg Launcher(cont.)

## Instructions

### Resource List

8 x rubber bands  
7 x popsicle sticks

### Step 3

Use 2 rubber bands to make an 'X' around the flinger and the fulcrum. Leave it loose enough to change the lever length when you want to.

### Step 4

Place the handle of the spoon under the elastic band on the flinger and get ready to (sensibly!) launch an object.

### EXTENSION QUESTION

What does the word fulcrum mean?
